All that you need to know about Hackfest'24

The Department of CSBS in association with SAP India Pvt Ltd have united to host a regional hackathon centered around climate change.

Themes:

- Crowd source disaster management
- Green credit management
- Revolutionizing Tomorrow: Harnessing the Power of Renewable Energy

Guidelines:

- All the teams are requested to choose from any one of the theme mentioned above which are centred around Climate Change.
- Team can consist of 4 to 5 Participants (min and max)
- Theme: Climate Change(Refer sub-themes)
- Participants should either belong to B.E, M.E, M.Tech, MCA or MSc and should be studying in any stream and any semester/year
- Participants need to be from the same college, but can be from different years and departments.
- One team can register only one idea, duplicate/additional submissions will be deleted.
- During the Regional Round, it is mandatory to have a working prototype, however, teams should have a clear idea about User needs, Market analysis, Implementation, Scaling, and Benefits.
- The idea Pitch should be Slide-based, Do not use paper based presentation.
- The prototype can be a Software Solution or a Software + Hardware Combination
- Pure Hardware Prototypes will not be considered

- Should any ambiguity arise,the judges' decision will serve as the ultimate clarification.

Rounds-

- **Round 1: Abstract Submission Round** (Last Date for abstract submission:27.03.2024)-Selected teams will move to the next round.
- **Round 2: Online Presentation Round** (03.04.2024 onwards)(Registration fee Rs.150/per team)-Selected teams will move to the next round.
- **Round 3: Offline round** Top 50 teams will be invited to the KPRIET campus and should present their ideas in front of Industrial Experts (25.04.2024 - 26.04.2024)(Registration fee Rs.450/per person)

Prizes:

- The top 3 will be awarded with Cash prize worth Rs.30000
- The top 10 will be awarded with certificates worth INR 1 lakh SAP courses
- The top 10 teams will further move to the Next Round
